Domain Manager

- Modify DNS -

The DNS servers specified below will be expected to "respond" for your Domain Name.

Note: If you are changing the DNS servers listed below to name servers other than register.com's DNS servers, the administrators of the new DNS servers must create the necessary entries for your domain name on their DNS servers.

Administrative Contact

This is the person who is contacted regarding any decisions with respect to the domain name.

Organizational Contact

This is the organization or group that is associated with the registered domain name.

Technical Contact

This is the person who handles the technical aspects of your domain, such as hosting your web site, as well as making decisions regarding IP Addresses, aliases, MX Records and authoritative name servers for the domain name.

Zone Contact

This contact is typically the same individual as the Technical contact.

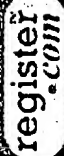

Billing Contact

This is the person who is responsible for initial and recurring billing for the domain name. Keep in mind that it is very important to keep your billing information up to date.

Domain Manager

- Register a Domain Name -

☐ I have read, understood and accept the [register.com registration agreement](#).

If the domain name you request is available it will automatically be registered. Please **check the spelling** of the domain name you are requesting before you click "Register Now!".

By clicking "Register Now!" you authorize register.com to charge the credit card associated with the last domain name you registered.

These are the last 4 digits of the credit card that will be billed for this domain name registration: 4189

☒ Use the credit card shown above. If you do not modify the term, your registration will default to a two year term for .com, .net, or .org domain name.
☐ Use a different credit card.

www. .com

Select: ☐ 1 ☐ 2 ☐ 5 ☐ 10 years

Note: If you select a .com, .net or .org domain name, select the term of your
